

IONBOND - THE SURFACE ENGINEERS

Ionbond is a global, yet local company, where we work in a dynamic environment and where employees are able to make a difference. We provide thin-film coating services and operate 37 coating centers in 16 countries. Our coatings are used to improve durability, quality, functionality, efficiency and aesthetics of tools and components. Ionbond is a global leader in PVD, CVD and PACVD coating technologies.

Group Purchasing Manager

For this role we are looking for somebody who wants to set the new standard. As the Ionbond Group Purchasing Manager you work within a big international network of internal and external stakeholders in a technically driven work environment. The role is new within Ionbond so there is opportunity to really act as an entrepreneur whilst operating in a regulated environment where safety, quality and integrity are at the forefront of our mind. Operating in a production environment with 37 coating centers worldwide will give a real challenge to rationalise and standardise procurement items and processes. You will report directly to the COO and work directly with purchasing team members located across three continents.

WHAT DEFINES THIS JOB?

- You are responsible to manage the procurement process across the Ionbond Group for multiple suppliers in Europe, North America and Asia.
- You will work with the COO and quality managers to standardise materials and hardware that are to be procured, so that we can both i) use common items across the Ionbond group, and ii) gain better value via greater scales of economy.
- Standardisation of items should be done with a view to constantly seek to improve the safety of our operations and quality of our products in line with customer expectations. Attracting the best suppliers worldwide is part of this.
- You will negotiate global contracts yourself to reduce costs for the group.
- You will identify and track KPIs that focus on value improvements, cost reductions, efficiencies, industry supply trends and shifts in technology.

WHAT DO WE ASK?

- Work experience in Procurement Management in a multi-national manufacturing/service engineering company.
- Preferably you have worked with the NAV ERP system before.
- Strong strategic stakeholder management skills.
- Excellent communications at all levels and a proven track record to maintain and develop key supplier relationships.
- Excellent negotiation skills are a given.
- Being a real team player we expect you to work together with all stakeholders to find the best solutions for our local end users in line with our global platforms.
- You speak & write English fluently.
- Based in Venlo
- Full-time or part-time
- You are willing to travel worldwide 25% of your time.

WHAT DO WE OFFER?

Our employees are our single most valuable assets! We offer you a place to work with international and local growth opportunities. Ionbond will take you out of your comfort zone and where necessary will provide you with the right training to be able to deliver the best quality possible. We work in an environment where we take care of each other whilst innovation drives us towards new discoveries.
